Dr Stanley was an interesting and personable teacher during my HS years at New Milford and a great principal.
I later taught under his leadership and enjoyed taking Penn State courses from him.
May God bless you and your families at this time of remembering.
He was a great contributor to society.

Dr. Stanley was such a great human being. I, as a high school student worked for him. He was so good to me and I loved him dearly. Park, and the rest of the family, I am so very sorry for your loss. I will never forget him and I have shared many things about him to people that never even met him. May he rest in peace. My heart and love and prayers go out to all of you.
