“ Bud was a great freind and a very dedicated manager for us at Nortons Body Shop. When we purchased Nortons Body shop 16 years ago, we were not real comfortable taking over the business without Bud staying on board as manager. So we went down and talked to him about continuing to manage the business for us. So in true Bud fashion and much joy to me he was all in and made it very clear that this was his baby and had no intentions on moving on. A memory that will stay with me for ever is him standing up squaring off to me and saying, once again in true Bud fashion Tim don't worry about a thing they will find me on the floor of this place. So me and my partner Carl proceeded with buying the business and a great friendship was born. He never let me down in all our time together arriving at the shop everyday before the sun was up, rarely taking a day off. He would call me and ask if he could leave early on a Friday every now and than in the summer so he could go up to his beloved lake with the love of his life Betsy. I of course would say why don't you go for the week or at least a couple of days, but his truck would be at the shop Monday morning by 6:00 a.m. Bud was also very fond of Karen through the years and would do anything for her as well as she for him. He would always preach to me, take care of that girl she is one of a kind. (I believe several plates of Bud's favorite food involved along with a couple of back rubs). We thank him for being such a great freind for all the years, He was a great Man. May you be reunited with Betsy.

So to our friend Bud GODSPEED.
