“ *Becky, our time together was cut short, but in the few months we did have, I know we established a close bond, a dear friendship and a great love for each other. You were a very strong person and personally helped me through some very difficult times in my life. At times your faith in God was stronger than mine and you gently nudged me along the proper path.*

*I will always remember the day Megan, Parkar you and myself spent at the pumpkin patch/ corn maze, us chasing the kids around and just enjoying the wonderful time together. Of course there was the time we took Megan out scouting for deer in the back yard and you “got nature in my hair”. And the time we went sledding and made snow angels, even though you claimed you were not an “outdoor girl” you really tried and did enjoy it, I could always tell by the smile on your face and the laughter you shared.*

*You will be greatly missed and always be remembered with great fondness and love, knowing you are at peace and watching over Megan from above. Your favorite saying to me was “Find a way” I am hoping and praying that Megan and all of us that knew you and loved you can “Find a way” to heal from our loss...*

*You are greatly missed and loved.*

“ We unfortunately did not know Becky, however we have gotten to know her daughter Megan through Winter softball and have grown to love her spirit and sweet disposition, always smiling and upbeat. This was my daughters first time with these bunch of girls and Megan made her feel so welcome! We love you Megan and are praying for you and your family! One thing we do know Becky has raised an amazing daughter! Know we are here for you! If there is anything we can do we would feel honored to help in anyway.
