“ So sad to learn about Glenn's passing. He was a classmate and friend from way back, and was always cheerful and fun to hang with. It's hard to think that someone you know is now gone from this earth; but hopefully no longer in pain, and in a better place. My prayers go out to him, that God may take him into His care, and offer peace and lasting memories to his family.

“Gone too soon! I can remember as a child Glen taking us to family BBQ's and having the best chicken (never did get that secret marinade recipe), dredging through the woods on hunting trips, attending tractor pulls, swimming in the pool he built, and playing our first computer games on the PC Junior that he purchased for the family. Glen was an entrepreneur, and managed his regular 9-5 along with multiple side jobs such as a mini backhoe service. He was always getting new toys and vehicles that he enjoyed. Glen used to take us to the farm, and we would climb all through the barn getting into stuff we should not have. I was only kicked by one cow, fell from the hayloft and landed on my face when my cowboy boots slipped off the wooden ladder, and thank goodness was never bit by the dozens of snakes that we used to catch in the pastures (Lord knows there were plenty of poisonous ones). He loved his daughter, and his granddaughter fiercely and they brought him so much joy. He was a proud dad/granddad! Rest in peace Glen, you will be missed by many, and your memories will carry on throughout the lives of the people you touched.

“ I have many memories of growing up with Glenn and his brother Mark classmates for a short time until they passed me out in 3rd grade thanks to my mom and Mrs. King anyhow my heart goes out to the Bailey family and all friends and relatives Glenn was a dynamite person. If you needed a hand with anything he was there. I know he volunteered a lot of time to the community and he was loved by many. I remember when my son moved back to New Milford he told me how much Glenn helped him out and they became pretty tight. That gave me comfort being 3 hours away from my son and his family. Anyhow know they're both on the other side I'll see you someday guys. Again my condolences to Glenn's brother Mark and his mom and dad any children family and friends. This was sad news

“ I am sad to learn of Glenn’s passing and I offer my sincere condolences to the entire family. I was honored to know Glenn. We took several classes together at Keystone College many years ago. He Advised me on what to buy for my first computer. He then stopped by our home many evenings and helped me learn to use my first “real computer”. We laughed at my strongly held belief that by pressing the wrong combination of buttons I would personally destroy the computer. His calm patience with me helped me build the confidence that I could work with technology. I owe him a lot for those many hours, but more importantly, I cherish the memories of the laughter we shared and the support he provide me so selflessly. Diane and I are sorry for the pain you are feeling over the loss of Glenn. We wish you peace, comfort and blessing as you navigate this difficult time. Please know you will be in our thoughts and prayers. We are here to support you in any way we can.

“ There are so many, but the most is your generosity to your family and fiends. You were a great friend and I was many times the victim of your quick witted sense of humor, you made many of us laugh. I will truly miss you. Love Aunt Kathy
