“Dad, we know how proud you were of Chris, and so many others looked up to him and were as proud of him as you were. You taught him all you knew, and we're the backbone and mentor of all of your son's. This was done in his honor, and to know that he will inspire so many, this is his legacy. How wonderful is this? We love and miss you so much Dad. Thank you for being the amazing, inspiring Father that you were and still are. Love you to the heavens and back. 💖

“ You have the biggest heart I've ever met, the warmest smile I've ever seen and we're the hardest working man I've ever known. These are the things I love about you Dad - thank you for being my Dad for the past 25 years. You've always treated me like I was your own daughter, I am so grateful and blessed. I will never forget the love you gave to me and everyone you knew. I'll always remember the kind heart you had for everyone and generous man that were to whoever needed you. “ John Phillips was a good, loving, carry man. John has been in my life as a father figure for over 35 years. I was not a blood daughter of his but he always showed me and treated me as one of his own. I came to know him and love him as a father when I moved into his home at the age of 17. John was a very hard worker. A strong man. A good man. I will always hold him dear to my heart. I will always remember him for the wonderful care he gave to my mother during the last of her life. John will be dearly missed and never forgotten.
