“What is life? It is the flash of a firefly in the night. It is the breath of
a buffalo in the wintertime. It is the little shadow which runs across
the grass and loses itself in the sunset.” – Blackfoot

Fly with the wind brother. You'll always be in my heart.

Sorry for your lose, I know Mike had it pretty hard the last few years with medical issues. I remember about 5 or 6 years ago Mike came home and was on the street talking to some one while I was working in the yard, I heard his voice and know who it was and I had not seen him in some 40 years. We did get to talk several time while he was staying with Tom as we have always had similar interests. Jack Diffendorf
