“ I will always remember Hank sitting in his recliner chair in the living room or working on cars outside his house. He was always tinkering away. He used to tell Lisa and I to be good when we would be together at their house, because he always knew we would be up to something when we were together. My love and support and lots of hugs go out to your family at this sad time, you are all in my thoughts and prayers. XOXOXO

“ My grandpa and I have a bond that will never be broken. We may have lost one of the greatest men ever to walk this Earth but I know I have gained my newest guardian angel. I know my grandpa is in a better place and he is at peace. Selfishly I will miss visiting with my grandpa on a physical level but spiritually I know my grandpa will always be with me.

My greatest memory will forever be when I was little the first thing I would do when I got to my grandparents home was take off my shoes and go straight to the living room and climb on grandpa's lap and give him a hug and kiss.
