“ Uncle Bob, I know we've lost touch over the years but I've often thought about all the good times we had when I was a kid. Like my brother Keith you made me into Frankensteins monster for Halloween one year and I won first place in the competition in Carlisle Hills community event. I was so proud of that I've never stopped watching monster movies since. You were always there for us kids and we remember and loved you for that. Rest well you certainly deserve it.

“ Uncle Bob, your the reason I learned how to repair antique TV's and radios in high school. You knowledge of how to do this fascinated me!!! I'll never forget the Robot costume made from cardboard for Halloween you made me, it was full of lights operating on a single 9 volt battery!!! It was so cool!!! It was my honor to stand up as best man in your renewed wedding vows with Aunt Lula. RIP Uncle Bob and have fun with getting together with all your family and friends who passed before you!!! You were a great uncle to all of us!!!
