Tribute Wall

“ I worked with Bobbie at the Free Library of Philadelphia. I did not realize she had passed until a few years later. I did not post to her tribute wall because I felt it was too late.

However, it's never too late to remember a special person. Bobbie was such a lovely person, even tempered, kind and helpful. She spoke so fondly of Ralph and her dogs. I remember how she loved the city but was so looking forward to many years in a more countrified, 1950s style atmosphere. So sorry her time was cut short. She will be fondly remembered by all of us still on this side.

“ *Bobbie was my immediate supervisor when I began my job in the Free Library and she was immensely kind, patient and encouraging. She set the standard for me of what a lead worker should be. An animal lover like myself, an Aries and a kindred spirit, she made the long haul to the other side of the city worth it on more days than I could count. I'd just had her cross my mind this weekend and thought about her and smiled, now tears and I am so glad to have known her. May God bless her and all her family at this sad time.* ”

“ *Bobbie was my friend for over 44 years. We talked,we laughed and we shared much. She was like an aunt to my children and she was my daughter's godmother. She was a gourmet cook with a real flair for presentation. She loved her furry children like no one else I know.She had a very distinctive laugh and the sweetest disposition. So many times i would think to call her and the phone would ring, and it would be Bobby, or I would call her and she would say I was just going to call you. I will miss her laugh, her humor and most of all her friendship.*
