“ Shirley was an outstanding person. She was so patient with students and faculty members as well. She was dependable and caring. She always gave a helping hand. She had a nice smile she shared with all. As a School Administrator I saw her in action every day. Thank you Shirley for being such a wonderful helper.

“ Who could forget that beautiful face!? As soon as I saw it I knew immediately who it was even after all these years! I was a student way back in the early 70's...She was such a nice person. I believed she worked in the office, and probably I saw her many of my trips to the Principal if my memory serves me right. Rest In Peace with the Lord. Thank you for all the students you helped over the years!
