“ I’ll always remember Steve’s deep laugh and his dry and witty sense of humor. He taught me all about the “world wide web” in the early 90s even though he was 25 years older than me! He was so intelligent and talented and a true joy to work with.

Judy and Family, I pray God brings you peace, comfort, and healing.

“ I remember the many times I spent summers vacations on the farm in PA, Baker family reunions and times spent at the home in Williamsport taking and laughing with Uncle Steve.

“ Steve will be remembered as a gentle, caring, and wonderful friend. He had many stories to tell. During a visit to Williamsport he took the time to make a marble game board for me. He was a very talented person. Also, he probably was the tallest person I ever knew. Judy, may all your memories surround you and give you peace.

“ *Michael Baker memories,
I remember many of the times we spent together. From bringing him
water while haying in the fields as a kid, to working and traveling
around Arizona as a young man, to doing projects together. My
father lived a life of love in motion.*

*He loved to tell stories which generally got better with each telling
as the stories were embellished.*

*He enjoyed helping with volunteer organizations. Reading for the
blind, rides to hospital for elderly, and various church needs.*

He made furniture for many of his family and friends.

He lived a life well lived.

“ *First met Steve back in the 70's. Many miles together on our
Harley's. Not always together, we would wait at the next stop for
him. Loved that man. Always had a good one liner joke. He will be
missed. And to Judy, hang in there sis. We love you, and we'll all be
together again with him.*

“ Judy and family,
Our hearts are with you! So sorry to hear of the passing of such a great man!
Some of our favorite memories are of Steve's stories. He was a great story teller. He was kind, thoughtful and a giving human. We enjoyed the many hours spent on motorcycle trips with you both. We still are in amazement of how you two would arrive to our destination before everyone when we all had passed you on the road. I guess it proved slow and steady always works best! 😊
I really don't know how we ended up across the state line when I was his navigator! 😊 It must have been you Judy that kept him on track all those years! You two were such great partners!
You will be forever in our in our hearts!
All our love and prayers,
Brad and Laurie
